Office Action Summary	Application No. 10/809,592	Applicant(s) BOERSTLER ET AL.	
	Examiner Margaret R Wambach	Art Unit 2816	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

The examiner attempted to reach applicant's attorney via telephone on 1/7/05 in order to suggest an examiner's amendment but she was not successful.

Information Disclosure Statement

The information disclosure statement filed 3/26/04 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

Specification

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The specification doesn't provide support for a comparator coupled to a clock line as recited in claims 11 and 12.

Claim Objections

Claim 10 is objected to because of the following informalities: "the frequency divider circuit" in claim 10 should preferably be "the frequency divider" in order to improve clarity. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 2816

Claims 1-12 and 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Clear antecedent basis is not provided for "the output" for every structure recited in claims 1-12, "the first comparator" in claim 1, "the reset" in claims 4-6, "the enable" in claim 7, "the first and second comparators" in claim 10, "the input clock line", "the first synchronizer" and "the frequency divider" in claims 11 and 12 and "the first synchronizer" in claim 19.

Allowable Subject Matter

Claims 2-10 and 19 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 1, 11 and 12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 13-18 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kramer is relevant as a frequency divider employing synchronizing but it lacks, for example, the comparison between a latch's input and output.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret R Wambach whose telephone number is
